GREAT COAL STRIKE

All Efforts to Bring the Strike to an End Proves Futile.

HANNA SPEAKS OUT

He Says the Operators Flatly Refuse to Agree to Settle by Arbitration.

Petition to President to Call an Extra Session.

Buffalo, N. Y., Aug. 25.—United States Senator M. A. Hanna was in Buffalo Sunday on his way home from Niagara Falls. For the first time he states his abandonment finally of all efforts to end the coal strike. He believes that the operators should meet the miners in arbitration.

"I have exhausted my efforts," said Senator Hanna. "I have done all in my power and can do no more. I will make no further attempts, for it would be useless."

He said there was no chance of arbitration so long as only one side, the miners, were willing to arbitrate. He gave it as his opinion that the miners will not give in so long as they are able to fight.

"It will not be a short fight," said he. "It will be prolonged and its prolongation will mean not only hardship for the miners and the women and children dependent upon them, but it will have its effect on the American people. The longer this struggle continues the greater will be the increase in the price of coal."

He said he considered the refusal of the operators to arbitrate as final. "I talked with Mr. Morgan before he went to Europe," continued the senator, "and before the strike was fully under way. He deplored the situation but would take no active part towards a settlement. His attitude, in my opinion, is unchanged."

WILLING TO GIVE IN.

Some Operators Would End the Strike if It Was Not for Stultification.

Shenandoah, Pa., Aug. 25.—Much importance is attached to calls General Corbin receives from coal mine operators, who spend hours with the general in going over the strike situation. After having met a number of operators, General Corbin says he does not see any signs of settlement. In fact he states all indications point more definitely to a prolongation of the strike now than when he first reached here. He keeps in touch with the strikers as well as the operators, and may be seen riding over hills with members of his staff. Along the road he frequently holds conversations with the miners, all of whom display a friendly feeling toward him personally. There is no ill-feeling here against the soldiers, and the military has become so popular that a movement has been set afoot to start a company in this town.

Individual operators are beginning to display evidence of willingness to end the strike if a method could be shown them how they could make a concession to the men without stultifying themselves. In speaking with members of the staff of the brigade at headquarters some have within the past few days stated that if a way could be suggested whereby they could give in without placing themselves in a bad light, they would favor a settlement.

General Corbin is using his good offices toward a settlement and allows no opportunity to pass when in conference with operators to make a conservative plea for the men on strike.

Congress Asked to Interfere.

New York, Aug. 25.—President Roosevelt will be asked to call a special session of congress to take action to end the coal strike. This was decided at a meeting of the Central Federation union, representing 250,000 working-men.

A mass-meeting under the auspices of the labor unions of New York city and vicinity was held, at which resolutions were adopted urging President Roosevelt to immediately call congress to meet and decide upon plans which will bring the strike to a speedy termination.

Special Policeman Stabbed.

Hazleton, Pa., Aug. 25.—August Scheuch, a special policeman in the service of the Lehigh Valley Coal company, was assaulted and stabbed on the outskirts to-day, while attempting to rescue his son William Scheuch, a non-union workman employed at the company's No. 40 colliery, from a mob of about 4000 strikers who had gathered from all parts of Hazleton region on the roads leading to the mine to frustrate plans of the company for a partial resumption of operations with a non-union force of 250 hands. The mine did not resume.

Try to Effect a Settlement.

Hazleton, Pa., Aug. 25.—D. J. McCarthy, chairman, and Matthew Long and Harry Silverman, members of executive committee of the People's alliance of Hazleton, went to New York Sunday to endeavor to put in operation some plan looking to a termination of the strike. They decline to make public their plan.

Anthracite Fields Quiet.

Shenandoah, Pa., Aug. 25.—Reports

received at brigade headquarters showed the entire anthracite coal field to be very quiet. Brigadier General Gobin said that a settlement of the strike appears to him to be as far off as when he arrived here. The troops will in all probability remain here until the strike come to an end.

Three People Killed.

Norfolk, Va., Aug. 25.—In a head-on collision between two cars on the Bay Shore Terminal line three people were killed and many other injured.

PRESIDENT'S TOUR.

Spends Sunday at Newport and Sunday Night at the Lodge Residence.

Nahant, Mass., Aug. 25.—President Roosevelt left Newport at 2 p. m. Sunday afternoon in a sumptuous train of four special cars. Accompanying him to the depot were Mr. and Mrs. Winthrop Chandler and Senator and Mrs. Lodge, the two latter journeying with the party to Nahant, the home of the Lodges, where the president spent Sunday night.

A more quiet day could not have been spent by the president. As is his custom, he rose early and after eating a light breakfast, left the Chanler house about 9 o'clock and went out to meet Mrs. Roosevelt, who had come up on the Sylph during the night. The president was aboard the ship for about two hours. Mrs. Roosevelt accompanied him ashore and spent about half an hour at the Chanler residence, taking a look at the baby, but did not remain for the christening. She left shortly before the event for Oyster Bay. The president remained at the Chanler villa, where the ceremony of christening the baby was performed by Rev. Henry Diamond of the Episcopal church, in the presence of the president, who acted as godfather; Senator and Mrs. Lodge, the latter acting as godmother; Mrs. Julia Ward Howe and a large number of personal friends of the family.

That the enthusiasm at ending the president's journey shows no abatement was made evident Sunday by the crowd gathered about the depot at Newport, which cheered his arrival and continued cheering until the train was lost to view.

Stonebridge, R. I.; Fall River, Taunton and Mansfield, Mass., turned out in force to greet the president.

At Boston the entire party entered the special train which was standing on another track, the crowd in the meantime keeping up a continuous cheering.

Upon arriving at Lynn, where carriages were in waiting to take the party to Nahant, the sight was inspiring. Stretched from the station through the city and across the peninsula to Nahant, a distance of four miles were fully 60,000 people, who cheered again and again as the president passed.

The arrival at Nahant was a signal for another outburst of applause and the two places seemed to vie with each other as to which should be the more cordial in its greeting. Flags and bunting were displayed everywhere. This afternoon the president delivered an address from the steps of the public library building in Nahant.

PILLSBURY LOST.

Could Not Enter a Harbor and Had to Surrender to Higginson.

Rockport, Mass., Aug. 25.—The naval search problem on the New England coast was terminated at 5:40 Sunday morning by the signal "surrender, demand an unconditional" from Rear Admiral Higginson's flagship, and the reply "accept surrender" from the foretruck of the Prairie, Commander Pillsbury's flagship. The battle between the blue, or defending, and the white, or attacking squadron, was thus quickly ended eight miles south of Thatchers. The enemy had most signally failed to make a harbor, having for its objective Salem. A preponderance of fighting strength, relatively 64 points, represented by the battleships Kearsarge, Alabama, and Massachusetts, Scorpion, and a torpedo boat, had overwhelmed the 45 points represented by the auxiliary cruisers Prairie, Panther and Supply. To speak from a theoretic standpoint, the white squadron was entirely destroyed by the guns of the defending battleships. Thus on the fourth night the game of naval strategy was brought to an end, it having covered a period of unceasing toil, sleepless nights, of anxious wearing vigilance of grave uncertainty to its participants.

The destruction of Pillsbury's squadron occurred at a point just within the outer limit of Gloucester harbor not over eight miles southerly from Thatchers' island, off which had been anchored since Wednesday, when the war game was declared open, the three powerful battleships of the blue squadron.

The surrounding and "putting out of action" of the squadron in command of Commander Pillsbury was the culminating incident in one of the most interesting chapters in the peace history of the American navy.

A WEEK OF AMUSEMENT.

The Marie Fountain Theatrical Company at the Grand Opera House.

The Marie Fountain Theatrical company opened the season at the Grand opera house last night and will remain a week, giving a change of program nightly. The opening bill was "His Innocent Wife," a piece with a good plot and plenty of emotional interest as well as comedy. The people are clever, the costumes bright and the company is carrying some splendid special scenery. The specialties introduced by Kopeland, Lotta Zenobia and Eddie Morton were fine, as was also the orchestra music, rendered under the direction of Prof. Schreiber. The attendance was large and the audience appreciative.

The excellence of this company and the low price of admission—15, 25 and 35 cents—are inducements that should readily appeal to all amusement lovers.

RACE RIOT IN INDIANA.

Whites and Blacks Fight at Haughville in Which Several Were Shot.

Indianapolis, Ind., Aug. 25.—A race riot broke out at Haughville, a suburb of this city Sunday afternoon between two hundred negroes and whites employed by the National Malleable company. There has been bitter race feeling between them for several years and the trouble has frequently broken out. Two people have already been killed at different times.

A ball game Sunday between the two factions caused excitement. As the crowd left the field hostilities broke out. Stones, bricks, clubs and other missiles were used. Two hundred persons were immediately crushed together in a fighting mass. Twelve or fifteen shots were fired, and it is reported one negro was shot but he was slipped from the field before the police arrived. The whites were victorious, driving the blacks from the field and wounding a number of them. Several white people were badly injured. Ten arrests have been made and others will be made as rapidly as the persons are found.

The police responded to a riot call but on account of the distance did not arrive till the fight had been fought to a finish. Officers of the company fear other outbreaks will follow.

TURKEY GIVES IN.

Orders All the Demands of the United States Carried Out.

Constantinople, Aug. 25.—An imperial trade has been issued commanding that all the demands made by the United States upon Turkey be conceded and the relations between the porte and the United States legation here have resumed their moral condition.

United States Minister Leishman and Robert McCormick, United States ambassador at Vienna, were present at the selamlik Sunday.

The non-execution by the Turkish government of certain agreements reached long ago on several questions affecting the interests of American citizens led to somewhat strained relations between the United States legation and the porte. Last week Mr. Leishman informed the porte that he would not discuss other matters until the terms of the settlement agreed upon had been carried out. Demands included the rebuilding of the American mission house at Karput destroyed at the time of the American massacre, and the granting of permission to Armenian women and children to join their husbands and fathers who are naturalized Americans. His intercourse has been with the Turkish minister of foreign affairs whose agreements have been approved by the grand vizier.

TRANSVAAL CONGRESS

It Will Go Out of Existence on September 1 Next.

EMPLOYEES LET OUT

It Is Believed Former Secretary of State Reitz Will Take the Place of Dr. Leyds—Boer Generals Urge Respect to Laws.

Brussels, Aug. 25.—The Boer generals have notified the employees of the Transvaal legislation their services will no longer be required after the end of September, when the legislation will be abolished.

When they conferred with Dr. Leyds last week the generals suggested the desirability of his surrender of of his position as representative, and on the disappearance of Dr. Leyds it is thought probable that former State Secretary Reitz will become leader of the irreconcilables and attempt to organize an anti-British campaign in Europe.

Urge Burghers to Observe Laws.

London, Aug. 25.—The attitude of the Boer generals on the continent is regarded here as absolutely correct. It has been found impossible to inveigle them into schemes of discontent and mischief, and General Botha's reported statement that it is the duty of the burghers wishing to live in South Africa to respect and observe the laws of the British empire and render themselves faithful subjects of King Edward enhances the report that Englishmen have hitherto felt for him.

THE LINE CHANGED.

Oklahoma Gets a Four-Mile Strip from Two Other Nations.

Guthrie, O. T., Aug. 25.—Advices from Washington to the territorial officials state that the interior department has approved the Johnson and Kidder survey of the ninety-eighth Meridian, which places it four and a fraction miles east of the present boundary between Oklahoma and the Chickasaw nation, Indian Territory, thus adding to Oklahoma the city of Chickasha, the most important commercial and railroad point in that part of the southwest.

A long drawn out legal battle is expected to follow this decision and the matter must ultimately be passed upon by the supreme court of the United States.

Attendance at Chicago Churches.

Chicago, Aug. 25.—For the purpose of ascertaining what proportion of the population of Chicago attends church on Sunday the Record-Herald Sunday made a count of the men and women at the larger places of worship within the city. The general results follow: Men at church, 80,844; women at church, 123,723; total, 204,567. Men in Chicago, 562,153; women in Chicago, 727,662; total, 1,289,815. There are 666 churches in Chicago.

Fell Over a Cliff.

New York, Aug. 25.—Louis L. Conway, foreman in the city cleaning department, lay down on the cliff at One Hundred and Eighty-seventh street and the Speedway for a nap. After sleeping an hour he awoke and in stretching lost his balance, rolled over the edge of the cliff to the Speedway below, a distance of 160 feet, and was instantly killed. Conway's fatal fall was witnessed by several pleasure seekers on the cliff.

Miles Going to Philippines.

New York, Aug. 25.—Gen. Nelson A. Miles will sail for the Philippines within a few weeks, says a Herald dispatch from Boston. He is reticent as to the object of the trip. When asked if he was going in his official capacity, he replied: "Well, I'm not going as a tourist, neither am I going for my health. I can not tell until I get there what I will do."

Drown While in Bathing.

New York, Aug. 25.—Henry R. Miller of this city, assistant secretary of the North American company, was drowned while bathing at Atlantic Highlands, N. J. An attack of heart failure while Miller was near shore caused his death in plain view of a score of his friends.

After Violators of Laws.

Austin, Aug. 25.—State Revenue Agent Cunningham is going after those who have taken out internal revenue licenses and not state licenses. He has a complete list of all such violators, and they must pay up or suffer consequences.

Appropriation Exhausted.

Austin, Aug. 25.—The entire appropriation made for the payment of sheriffs, clerks and attorneys in felony cases and all fees of officers in examining trials and witnesses fees has been exhausted. Deficiencies amounting to \$50,000 will be created.

Texas Minister Goes to Chattanooga.

Chattanooga, Aug. 25.—Dr. E. C. McLean of San Antonio, Tex., has accepted a call to the pastorate of the First Cumberland Presbyterian church in this city, effective October 1.

Will Attend Firemen's Convention.

Peoria, Ill., Aug. 25.—President Roosevelt has accepted an invitation to be present at the biennial session of Brotherhood of Locomotive Firemen at Chattanooga on Sept. 8.

THE FUTURITY STAKE.

Winner This Year Will Get Over \$40,000 and Next Two \$15,000.

New York, Aug. 25.—When the bugle calls the horses to the post for the fourth race at Sheepshead Bay next Saturday, it will have been just fifteen years since the late Samuel Bryant brought Proctor Knott out of the west and won the Futurity race, by far the richest turf event in America. That it has lost none of its popularity with the horsemen is proven by the number of prospective starters this year, which is estimated at thirty, nearly twice the number of the field in the inaugural dash. Should thirty horses start the race will be worth \$59,440. Of this amount \$44,440 will go to the winner, the remaining \$15,000 divided up between owners of the second and third horses and breeders of the three placed colts. The struggle for the three prizes promises to be a most bitterly contested one since the day Proctor Knott won. In years past some colt or filly has demonstrated before the race his or her superiority over rivals and the result has been practically assured, barring an accident. This year this condition is missing.

Every jockey in the east and some now in the west who can ride will be pressed into service in this race. It is said Keene's trainer may start five two-year olds. Aug. Belmont has three, and others two each. It will be the first time in a number of years that race will be run over full six furlongs at which distance it was originally set.

ALABAMA PRIMARIES.

Democrats Hold Election for the Nomination of State Officers.

Birmingham, Ala., Aug. 25.—Democratic primaries to name nominees of that party for election in November were held in Alabama today. The selection made at primaries is equivalent to election. State officers will be chosen, legislators elected and in many parts of the state county officers also will be selected. The coming legislature will elect a United States senator to succeed E. W. Pettus. He is a candidate for renomination and election. As far as publicly known he has no opposition.

There are two candidates for the gubernatorial nomination, W. D. Jelks, at present governor of Alabama, and Joseph E. Johnston, former governor. The other offices to be filled are secretary of state, lieutenant governor, treasurer, auditor attorney general, superintendent of education and commissioner of agriculture.

VALUABLE EVIDENCE.

General Molineux Claims That He Can Now Clear His Son.

New York, Aug. 25.—Gen. Edward L. Molineux, whose son Roland is in prison awaiting a third trial on the charge of causing Mrs. Kate J. Adams' death, declared he has secured new evidence which will be presented when the trial is called in October.

"I know positively that my son is innocent of the crime of murder," he said, "I have absolute proof in my possession."

It is more than ten months since the court of appeals granted Molineux a new trial. Drying that time the general has worked up evidence through which he says he will establish the innocence of his son beyond a shadow of a doubt.

No Warships About Rockport.

Rockport, Mass., Aug. 25.—There are no war vessels here nor could any be seen outside, where for several days last week Rear Admiral Higginson's squadron was stationed guarding the coast. With the termination of the naval maneuvers Sunday vessels began to depart. The ships sailed westward, some for Woods Hole, some for Newport and some for New London. At these points preparations will be made for the army and navy maneuvers which will be held the last part of this week.

Rebels Increasing in Strength.

Kingston, Jam., Aug. 25.—The British steamer Oronto, which has arrived here from Colombian ports, reported the rebels of Columbia increasing their forces continually, and that there is activity in the vicinity of the isthmus. It is feared the government garrison at Colon cannot successfully defend the town owing to the strength of the rebels.

Girl Killed in Tennessee.

Huntington, Tenn., Aug. 25.—News has reached here that Miss Maud Thompson was killed by James Greer near the girl's home, in Henderson county. The only cause assigned is that the girl refused to go away with him. Meeting her in the road he put his arm around her neck and shot her twice with a pistol. The murderer escaped.

Features of Great War Game.

Washington, Aug. 25.—After a conference between army and navy officials here it has been decided to make public comprehensive statement of the features of the great war game to begin next Friday so the public may be in position to judge almost as well as technical men of the merits of the performance on both sides.

Took Him for a Burglar.

Richmond, Va., Aug. 25.—Mistaking his friend, who occupied the same dwelling with him, for a burglar, J. D. Wilson shot and instantly killed G. G. Apperson here. Both families are highly connected.

The Shah Leaves London.

London, Aug. 25.—The shah of Persia bade farewell to England today after a week's round of gaieties. He has gone to Paris, where he will spend ten days incognito.

GREAT COAL STRIKE

All Efforts to Bring the Strike to an End Proves Futile.

HANNA SPEAKS OUT

He Says the Operators Flatly Refuse to Agree to Settle by Arbitration. Petition to President to Call an Extra Session.

Buffalo, N. Y., Aug. 25.—United States Senator M. A. Hanna was in Buffalo Sunday on his way home from Niagara Falls. For the first time he states his abandonment finally of all efforts to end the coal strike. He believes that the operators should meet the miners in arbitration.

"I have exhausted my efforts," said Senator Hanna. "I have done all in my power and can do no more. I will make no further attempts, for it would be useless."

He said there was no chance of arbitration so long as only one side, the miners, were willing to arbitrate. He gave it as his opinion that the miners will not give in so long as they are able to fight.

"It will not be a short fight," said he. "It will be prolonged and its prolongation will mean not only hardship for the miners and the women and children dependent upon them, but it will have its effect on the American people. The longer this struggle continues the greater will be the increase in the price of coal."

He said he considered the refusal of the operators to arbitrate as final. "I talked with Mr. Morgan before he went to Europe," continued the senator, "and before the strike was fully under way. He deplored the situation but would take no active part towards a settlement. His attitude, in my opinion, is unchanged."

WILLING TO GIVE IN.

Some Operators Would End the Strike if it Was Not for Stultification.

Shenandoah, Pa., Aug. 25.—Much importance is attached to calls General Corbin receives from coal mine operators, who spend hours with the general in going over the strike situation. After having met a number of operators, General Corbin says he does not see any signs of settlement. In fact he states all indications point more definitely to a prolongation of the strike now than when he first reached here. He keeps in touch with the strikers as well as the operators, and may be seen riding over hills with members of his staff. Along the road he frequently holds conversations with the miners, all of whom display a friendly feeling toward him personally. There is no ill-feeling here against the soldiers, and the military has become so popular that a movement has been set afoot to start a company in this town.

Individual operators are beginning to display evidence of willingness to end the strike if a method could be shown them how they could make a concession to the men without stultifying themselves. In speaking with members of the staff of the brigade at headquarters some have within the past few days stated that if a way could be suggested whereby they could give in without placing themselves in a bad light, they would favor a settlement.

General Corbin is using his good offices toward a settlement and allows no opportunity to pass when in conference with operators to make a conservative plea for the men on strike.

Congress Asked to Interfere.

New York, Aug. 25.—President Roosevelt will be asked to call a special session of congress to take action to end the coal strike. This was decided at a meeting of the Central Federation union, representing 250,000 working-men.

A mass-meeting under the auspices of the labor unions of New York city and vicinity was held, at which resolutions were adopted urging President Roosevelt to immediately call congress to meet and decide upon plans which will bring the strike to a speedy termination.

Special Policeman Stabbed.

Hazleton, Pa., Aug. 25.—August Scheuch, a special policeman in the service of the Lehigh Valley Coal company, was assaulted and stabbed on the outskirts to-day, while attempting to rescue his son William Scheuch, a non-union workman employed at the company's No. 40 colliery, from a mob of about 4000 strikers who had gathered from all parts of Hazleton region on the roads leading to the mine to frustrate plans of the company for a partial resumption of operations with a non-union force of 250 hands. The mine did not resume.

Try to End a Settlement.

Hazleton, Pa., Aug. 25.—D. J. McCarthy, chairman, and Matthew Long and Harry Silverman, members of executive committee of the People's alliance of Hazleton, went to New York Sunday to endeavor to put in operation some plan looking to a termination of the strike. They decline to make public their plan.

Anthracite Fields Quiet.

Shenandoah, Pa., Aug. 25.—Reports

received at brigade headquarters showed the entire anthracite coal field to be very quiet. Brigadier General Gobin said that a settlement of the strike appears to him to be as far off as when he arrived here. The troops will in all probability remain here until the strike come to an end.

Three People Killed.

Norfolk, Va., Aug. 25.—In a head-on collision between two cars on the Bay Shore Terminal line three people were killed and many other injured.

PRESIDENT'S TOUR.

Spends Sunday at Newport and Sunday Night at the Lodge Residence.

Nahant, Mass., Aug. 25.—President Roosevelt left Newport at 2 p. m. Sunday afternoon in a sumptuous train of four special cars. Accompanying him to the depot were Mr. and Mrs. Winthrop Chandler and Senator and Mrs. Lodge, the two latter journeying with the party to Nahant, the home of the Lodges, where the president spent Sunday night.

A more quiet day could not have been spent by the president. As is his custom, he rose early and after eating a light breakfast, left the Chanler house about 9 o'clock and went out to meet Mrs. Roosevelt, who had come up on the Sybil during the night. The president was aboard the ship for about two hours. Mrs. Roosevelt accompanied him ashore and spent about half an hour at the Chanler residence, taking a look at the baby, but did not remain for the christening. She left shortly before the event for Oyster Bay. The president remained at the Chanler villa, where the ceremony of christening the baby was performed by Rev. Henry Diamond of the Episcopal church, in the presence of the president, who acted as godfather; Senator and Mrs. Lodge, the latter acting as godmother; Mrs. Julia Ward Howe and a large number of personal friends of the family.

That the enthusiasm at ending the president's journey shows no abatement was made evident Sunday by the crowd gathered about the depot at Newport, which cheered his arrival and continued cheering until the train was lost to view.

Stonebridge, R. I.; Fall River, Taunton and Mansfield, Mass., turned out in force to greet the president.

At Boston the entire party entered the special train which was standing on another track, the crowd in the meantime keeping up a continuous cheering.

Upon arriving at Lynn, where carriages were in waiting to take the party to Nahant, the sight was inspiring. Stretched from the station through the city and across the peninsula to Nahant, a distance of four miles were fully 60,000 people, who cheered again and again as the president passed.

The arrival at Nahant was a signal for another outburst of applause and the two places seemed to vie with each other as to which should be the more cordial in its greeting. Flags and bunting were displayed everywhere. This afternoon the president delivered an address from the steps of the public library building in Nahant.

PILLSBURY LOST.

Could Not Enter a Harbor and Had to Surrender to Higginson.

Rockport, Mass., Aug. 25.—The naval search problem on the New England coast was terminated at 5:40 Sunday morning by the signal "surrender, demand an unconditional" from Rear Admiral Higginson's flagship, and the reply "accept surrender" from the foretruck of the Prairie, Commander Pillsbury's flagship. The battle between the blue, or defending, and the white, or attacking squadron, was thus quickly ended eight miles south of Thatchers. The enemy had most signally failed to make an harbor, having for its objective Salem. A preponderance of fighting strength, relatively 64 points, represented by the battleships Keokuk, Alabama, and Massachusetts, Scorpion and a torpedo boat, had overwhelmed the 45 points represented by the auxiliary cruisers Prairie, Panther and Supply. To speak from a theoretic standpoint, the white squadron was entirely destroyed by the guns of the defending battleships. Thus on the fourth night the game of naval strategy was brought to an end, it having covered a period of unceasing toil, sleepless nights, of anxious wearing vigilance of grave uncertainty to its participants.

The destruction of Pillsbury's squadron occurred at a point just within the outer limit of Gloucester harbor not over eight miles southerly from Thatchers' island, off which had been anchored since Wednesday, when the war game was declared open, the three powerful battleships of the blue squadron.

The surrounding and "putting out of action" of the squadron in command of Commander Pillsbury was the culminating incident in one of the most interesting chapters in the peace history of the American navy.

RACE RIOT IN INDIANA.

Whites and Blacks Fight at Haughville in Which Several Were Shot.

Indianapolis, Ind., Aug. 25.—A race riot broke out at Haughville, a suburb of this city Sunday afternoon between two hundred negroes and whites employed by the National Malleable company. There has been bitter race feeling between them for several years and the trouble has frequently broken out. Two people have already been killed at different times.

A ball game Sunday between the two factions caused excitement. As the crowd left the field hostilities broke out. Stones, bricks, clubs and other missiles were used. Two hundred persons were immediately crushed together in a fighting mass. Twelve or fifteen shots were fired, and it is reported one negro was shot but he was slipped from the field before the police arrived. The whites were victorious, driving the blacks from the field and wounding a number of them. Several white people were badly injured. Ten arrests have been made and others will be made as rapidly as the persons are found.

The police responded to a riot call but on account of the distance did not arrive till the fight had been fought to a finish. Officers of the company fear other outbreaks will follow.

TURKEY GIVES IN.

Orders All the Demands of the United States Carried Out.

Constantinople, Aug. 25.—An imperial trade has been issued commanding that all the demands made by the United States upon Turkey be conceded and the relations between the porte and the United States legation here have resumed their moral condition.

United States Minister Leishman and Robert McCormick, United States ambassador at Vienna, were present at the selamlik Sunday.

The non-execution by the Turkish government of certain agreements reached long ago on several questions affecting the interests of American citizens led to somewhat strained relations between the United States legation and the porte. Last week Mr. Leishman informed the porte that he would not discuss other matters until the terms of the settlement agreed upon had been carried out. Demands included the rebuilding of the American mission house at Karput destroyed at the time of the American massacre, and the granting of permission to Armenian women and children to join their husbands and fathers who are naturalized Americans. His intercourse has been with the Turkish minister of foreign affairs whose agreements have been approved by the grand vizier.

A WEEK OF AMUSEMENT.

The Marie Fountain Theatrical Company at the Grand Opera House.

The Marie Fountain Theatrical company opened the season at the Grand opera house last night and will remain a week, giving a change of program nightly. The opening bill was "His Innocent Wife," a piece with a good plot and plenty of emotional interest as well as comedy. The people are clever, the costumes bright and the company is carrying some splendid special scenery. The specialties introduced by Kopeland, Lotta Zenobia and Eddie Morton were fine, as was also the orchestra music, rendered under the direction of Prof. Schreiber. The attendance was large and the audience appreciative.

The excellence of this company and the low price of admission—15, 25 and 35 cents—are inducements that should readily appeal to all amusement lovers.

TRANSVAAL CONGRESS

It Will Go Out of Existence on September 1 Next.

EMPLOYEES LET OUT

It Is Believed Former Secretary of State Reitz Will Take the Place of Dr. Leyds—Boer Generals Urge Respect to Laws.

Brussels, Aug. 25.—The Boer generals have notified the employees of the Transvaal legislation their services will no longer be required after the end of September, when the legislation will be abolished.

When they conferred with Dr. Leyds last week the generals suggested the desirability of his surrender of his position as representative, and on the disappearance of Dr. Leyds it is thought probable that former State Secretary Reitz will become leader of the irreconcilables and attempt to organize an anti-British campaign in Europe.

Urge Burghers to Observe Laws.

London, Aug. 25.—The attitude of the Boer generals on the continent is regarded here as absolutely correct. It has been found impossible to inveigle them into schemes of discontent and mischief, and General Botha's reported statement that it is the duty of the burghers wishing to live in South Africa to respect and observe the laws of the British empire and render themselves faithful subjects of King Edward entrances the report that Englishmen have hitherto felt for him.

THE LINE CHANGED.

Oklahoma Gets a Four-Mile Strip from Two Other Nations.

Guthrie, O. T., Aug. 25.—Advices from Washington to the territorial officials state that the interior department has approved the Johnson and Kidder survey of the ninety-eighth Meridian, which places it four and a fraction miles east of the present boundary between Oklahoma and the Chickasaw nation, Indian Territory, thus adding to Oklahoma the city of Chickasha, the most important commercial and railroad point in that part of the southwest.

A long drawn out legal battle is expected to follow this decision and the matter must ultimately be passed upon by the supreme court of the United States.

Attendance at Chicago Churches.

Chicago, Aug. 25.—For the purpose of ascertaining what proportion of the population of Chicago attends church on Sunday the Record-Herald Sunday made a count of the men and women at the larger places of worship within the city. The general results follow: Men at church, 80,844; women at church, 123,723; total, 204,567. Men in Chicago, 562,153; women in Chicago, 727,662; total, 1,289,815. There are 666 churches in Chicago.

Fell Over a Cliff.

New York, Aug. 25.—Louis L. Conway, foreman in the city cleaning department, lay down on the cliff at One Hundred and Eighty-seventh street and the Speedway for a nap. After sleeping an hour he awoke and in stretching lost his balance, rolled over the edge of the cliff to the Speedway below, a distance of 160 feet, and was instantly killed. Conway's fatal fall was witnessed by several pleasure seekers on the cliff.

Miles Going to Philippines.

New York, Aug. 25.—Gen. Nelson A. Miles will sail for the Philippines within a few weeks, says a Herald dispatch from Boston. He is reticent as to the object of the trip. When asked if he was going in his official capacity he replied: "Well, I'm not going as a tourist, neither am I going for my health. I can not tell until I get there what I will do."

Drown While in Bathing.

New York, Aug. 25.—Henry R. Miller of this city, assistant secretary of the North American company, was drowned while bathing at Atlantic Highlands, N. J. An attack of heart failure while Miller was near shore caused his death in plain view of a score of his friends.

After Violators of Laws.

Austin, Aug. 25.—State Revenue Agent Cunningham is going after those who have taken out internal revenue licenses and not state licenses. He has a complete list of all such violators, and they must pay up or suffer consequences.

Appropriation Exhausted.

Austin, Aug. 25.—The entire appropriation made for the payment of sheriffs, clerks and attorneys in felony cases and all fees of officers in examining trials and witnesses fees has been exhausted. Deficiencies amounting to \$50,000 will be created.

Texas Minister Goes to Chattanooga.

Chattanooga, Aug. 25.—Dr. E. C. McLean of San Antonio, Tex., has accepted a call to the pastorate of the First Cumberland Presbyterian church in this city, effective October 1.

Will Attend Firemen's Convention.

Peoria, Ill., Aug. 25.—President Roosevelt has accepted an invitation to be present at the biennial session of Brotherhood of Locomotive Firemen at Chattanooga on Sept. 8.

THE FUTURITY STAKE.

Winner This Year Will Get Over \$40,000 and Next Two \$15,000.

New York, Aug. 25.—When the bugle calls the horses to the post for the fourth race at Sheephead Bay next Saturday, it will have been just fifteen years since the late Samuel Bryant brought Proctor Knott out of the west and won the Futurity race, by far the richest turf event in America. That it has lost none of its popularity with the horsemen is proven by the number of prospective starters this year, which is estimated at thirty, nearly twice the number of the field in the inaugural dash. Should thirty horses start the race will be worth \$59,440. Of this amount \$44,440 will go to the winner, the remaining \$15,000 divided up between owners of the second and third horses and breeders of the three placed colts. The struggle for the three prizes promises to be a most bitterly contested one since the day Proctor Knott won. In years past some colt or filly has demonstrated before the race his or her superiority over rivals and the result has been practically assured, barring an accident. This year this condition is missing.

Every jockey in the east and some now in the west who can ride will be pressed into service in this race. It is said Keene's trainer may start five two-year olds, Aug. Belmont has three, and others two each. It will be the first time in a number of years that race will be run over full six furlongs at which distance it was originally set.

ALABAMA PRIMARIES.

Democrats Hold Election for the Nomination of State Officers.

Birmingham, Ala., Aug. 25.—Democratic primaries to name nominees of that party for election in November were held in Alabama today. The selection made at primaries is equivalent to election. State officers will be chosen, legislators elected and in many parts of the state county officers also will be selected. The coming legislature will elect a United States senator to succeed E. W. Pettus. He is a candidate for renomination and election. As far as publicly known he has no opposition.

There are two candidates for the gubernatorial nomination, W. D. Jelks, at present governor of Alabama, and Joseph F. Johnston, former governor. The other offices to be filled are secretary of state, lieutenant governor, treasurer, auditor, attorney general, superintendent of education and commissioner of agriculture.

VALUABLE EVIDENCE.

General Molineux Claims That He Can Now Clear His Son.

New York, Aug. 25.—Gen. Edward L. Molineux, whose son Roland is in prison awaiting a third trial on the charge of causing Mrs. Kate J. Adams' death, declared he has secured new evidence which will be presented when the trial is called in October.

"I know positively that my son is innocent of the crime of murder," he said, "I have absolute proof in my possession." It is more than ten months since the court of appeals granted Molineux a new trial. During that time the general has worked up evidence through which he says he will establish the innocence of his son beyond a shadow of a doubt.

No Warships About Rockport.

Rockport, Mass., Aug. 25.—There are no war vessels here nor could any be seen outside, where for several days last week Rear Admiral Higginson's squadron was stationed guarding the coast. With the termination of the naval maneuvers Sunday vessels began to depart. The ships sailed westward, some for Woods Hole, some for Newport and some for New London. At these points preparations will be made for the army and navy maneuvers which will be held the last part of this week.

Rebels Increasing in Strength.

Kinston, Jam., Aug. 25.—The British steamer Oronto, which has arrived here from Colombian ports, reported the rebels of Columbia increasing their forces continually, and that there is activity in the vicinity of the isthmus. It is feared the government garrison at Colon cannot successfully defend the town owing to the strength of the rebels.

Girl Killed in Tennessee.

Huntington, Tenn., Aug. 25.—News has reached here that Miss Maud Thompson was killed by James Greer near the girl's home, in Henderson county. The only cause assigned is that the girl refused to go away with him. Meeting her in the road he put his arm around her neck and shot her twice with a pistol. The murderer escaped.

Features of Great War Game.

Washington, Aug. 25.—After a conference between army and navy officials here it has been decided to make public comprehensive statement of the features of the great war game to begin next Friday so the public may be in position to judge almost as well as technical men of the merits of the performance on both sides.

Took Him for a Burglar.

Richmond, Va., Aug. 25.—Mistaking his friend, who occupied the same dwelling with him, for a burglar, J. D. Wilson shot and instantly killed G. G. Apperson here. Both families are highly connected.

The Shah Leaves London.

London, Aug. 25.—The shah of Persia bade farewell to England today after a week's round of gaieties. He has gone to Paris, where he will spend ten days incognito.
